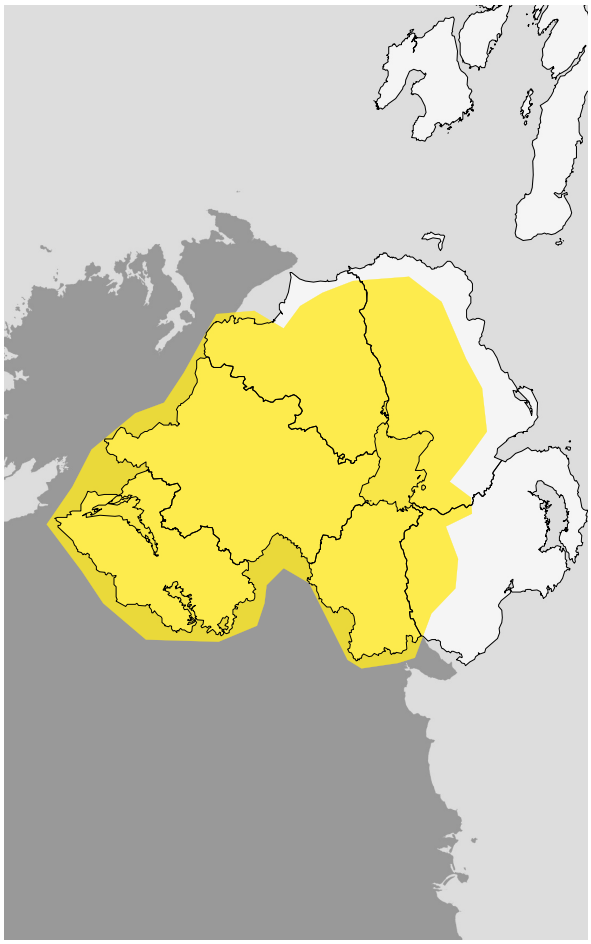
Yellow warning
Fog

Between
19:00 Fri 20 Dec 2019 and
11:00 Sat 21 Dec 2019



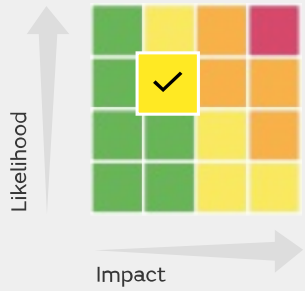
Fog or freezing fog likely to lead to some travel disruption Friday night and Saturday.

What to expect

- Slower journey times with delays to bus and train services possible
- There is a chance of delays or cancellations to flights

Further details

Although not all areas will be affected, fog or freezing fog, dense with visibility less than 100 metres at times, is expected to develop during Friday evening and night. Southern parts of Northern Ireland may be the first area to see fog developing. Fog patches will then persist well into Saturday morning and some places are likely to hang onto grey and misty conditions for much or all of the day.



Medium likelihood of low impacts
